

Northwoods[®]

Vinyl Shake & Shingle Siding

Life happens here.[™]

On Cover:
Siding: Northwoods Single 7" Straight Edge Rough-Split Shakes in Autumn Red and Savannah Wicker. Monogram® Double 4" Clapboard in Savannah Wicker.
Trim: Vinyl Carpentry® & Restoration Millwork®.

The authentic look of milled cedar siding.

Northwoods faithfully recreates the natural textures of both cedar shakes and shingles. The Shakes offer the rugged and variable patterns of the rough-split cedar. The Shingles offer both the texture of real cedar cut by a saw blade for the Sawmill pattern or the more linear and crisp design of the Perfection. Northwoods requires none of the upkeep common to wood. Virtually maintenance free, Northwoods offers years of solid performance with no painting required, ever.

Northwoods... beauty without the work.

Siding: Northwoods Single 7" Straight Edge Rough-Split Shakes in Granite Gray.

Trim: Vinyl Carpentry® & Restoration Millwork®.

Choose exceptional value with performance.

TrueTexture™

Northwoods utilizes a direct transfer system from real cedar shakes and shingles for a natural TrueTexture woodgrain finish. There are three textures to choose from: Perfection, Sawmill, and Rough-Split.

Better than wood

Northwoods shakes and shingles stay beautiful and consistent in color on all sides of the home without continual maintenance.

Real cedar shakes and shingles must be stained or bleached to prevent discoloration. These treatments will need to be repeated over time.

Perfection Shingles

Perfection has clean edges and smooth lines to complement the quiet beauty of the natural wood textures. In a straight edge design, Perfection Shingles create a more refined look – style once reserved for the finest homes.

Low Maintenance

High quality vinyl does not absorb moisture or rot.

Flame Spread Rating

Highly resistant to fire and does not spread flames (Class A).

Windload

Northwoods can withstand wind pressure up to 180 mph.*

*Products adhere to ASTM D3679 standards for capable wind speed ratings based on standard wind load design pressure ratings. For most current ratings, please reference www.certainteed.com

Panel Thickness

Extra thick material makes Northwoods extremely durable.

Panel Projection

1" (shakes) and 3/4" (shingles) panel projection for excellent rigidity and straighter-on-the-wall performance. Also, enhanced shadow lines for better aesthetics.

7" STRAIGHT EDGE PERFECTION SHINGLES

Sawmill Shingles

Sawmill is a finish that replicates the effect of saw blades on real cedar. This texture is reminiscent of cedar cut at sawmills from the earliest years of European settlement throughout New England.

Rough-Split Shakes

Rough-Split is reminiscent of the days when cedar shakes were split by hand. Rough-Split Shakes dress a home in a rustic style that enhances a home's natural charm with ever-varying patterns and deep shadow lines.
