

Industrial Grade Terra Alba

Gypsum for Industrial Application

Product Description

Industrial Grade Terra Alba Gypsum is a finely ground Calcium Sulfate Dihydrate. It is used in industrial applications as a filler material.

Product Benefits

- Ultra fine
- Inert chemical structure
- Easy and safe to use in all applications

Instruction for Use

This product is manufactured from a naturally occurring mineral and therefore slight variations in color and non-gypsum content are to be expected. The product application will vary depending on the use.

Packaging and Shelf Life

- 50 lb bags: 1 year shelf life
- 2000 lb super sack/totes: 1 year shelf life

Storage

Industrial Grade Terra Alba Gypsum products are not recommended for conditions where they are stored outdoors or subjected to dampness. Absorption of moisture can result in changes to physical properties, including lumps and concretions.

To help protect the product during use, open or partially used bags should be carefully folded and closed. Stock should be rotated so that the oldest material is used first.

When stored under dry conditions and in its original packaging, the product will have a specified shelf life that commences from the date of production. It is best that an inventory is kept upon receiving.

Environment, Health And Safety

Safety Data Sheets for Western Mining and Minerals, Inc. gypsum products are available and may be obtained by contacting the Customer Services directly at Phone number: 888-449-7786 or Email: CTMining@saint-gobain.com. No liability is accepted by Western Mining and Minerals, Inc. for injury to any person or loss or damage to property by improper use of the product.

TECHNICAL DATA

Chemical Name	Calcium Sulfate Dihydrate
Chemical Composition	$\text{CaSO}_4 \cdot 2\text{H}_2\text{O}$
Minimum Purity in %	95
Color	White to Bright White
Apparent Bulk Density lb/ft ³	42
Gypsum ($\text{CaSO}_4 \cdot 2\text{H}_2\text{O}$)	95 %
Calcium (Ca)	22 %
Sulfur (S)	17.7 %
Testing Method	ASTM Standard

Particle Sizing (% Passing)

USBS #100 mesh screen	N/A
USBS #200 mesh screen	99 %
USBS #325 mesh screen	N/A

The technical data outlined represents typical figures only. For further details, please contact Western Mining and Minerals, Inc. directly.
