

TRIBUTAIRE™

Collection

BREADTH AND BEAUTY

The most expansive collection ever introduced by KI, Tributaire encompasses a diverse array of table styles, storage solutions, lecterns, and screens in an extensive range of sizes, shapes, and styles. Versatile and adaptable, the Tributaire Collection is a beautiful choice for any setting.

SIGNATURE STYLE

Inspired by tributary waters, Tribulaire pairs fluid design with purposeful versatility. The collection's signature leg brings a refined, sculptural look, while the Y-leg introduces balanced support and open access for comfortable seating all around. With multiple base options, Tribulaire adapts seamlessly while maintaining a cohesive, elevated aesthetic.

SEAMLESS INTEGRATION

The elements within the Tributaire Collection were intentionally designed to support agile environments with toolless ganging. Whether table-to-table or mobile instructor desk with lectern and media sharing table, Tributaire allows the creation of unique solutions with practical purpose.

FINISHING TOUCHES

Each piece in the Tribulaire Collection blends innovative design techniques with a palette of premium materials—from polished appearance to upscale laminates and sophisticated paints. With the introduction of solid wood tops from Purposeful Design and matching wood legs, the collection expands to include natural warmth and handcrafted detail, enhancing its refined aesthetic.

DESIGNED FOR CONNECTION

From adaptable training tables to café spaces that encourage connection and recharge, the Tributaire Collection supports how people come together throughout the day. Collaboration and Sightline tables are designed to enhance visibility and interaction, creating environments that support engagement, flexibility, and seamless transitions between work and connection.

VERSATILITY IN EVERY SPACE

From collaborative tables to integrated media centers and thoughtfully designed screens, the Tributaire Collection adapts to the needs of the moment. Screens help define space while maintaining openness, and media integration supports seamless sharing and engagement, creating flexible environments for focus, collaboration, and everything in between.

TRIBUTAIRE STATEMENT OF LINE

The Tributaire Collection presents a versatile array of tables, storage solutions, lecterns, screens, and complementary elements suitable for any environment. Crafted with innovation and premium materials, the expansive collection effortlessly adapts to your needs.

Select models introduce expanded material options, including laminate and wood surfaces paired with aluminum or wood bases, offering greater flexibility for tailored, design-forward applications.
