LOST SIGNAL

Bring a new level of depth to floorscapes through evocative, nostalgic motifs. Taking inspiration from the allure of neon lights and vibrant colors,

this collection brings high-energy retro design into the present day. Step into a dreamlike landscape and electrify your interior spaces.

Dive into the era of a familiar past. This collection is located at the intersection of vintage aesthetics and future-forward themes. Influenced by the retro futurism creative movement, this collection embodies the surreal vaporwave and distorted glitch art sensibilities associated with this artistic genre.

Inspired by signal distortion, Lost Signal evolved from rescaled, layered TV scan lines to create a tonal, lo-fi plaid.

Offered in 12 nuanced neutrals and 12 bold brights, it opens up endless possibilities for distinctive floorscapes, insets, and wayfinding.

CREATING HOLISTIC SPACES

Lost Signal both excites and comforts the senses. Designed to accommodate a range of interiors and applications, this collection's expansive palette invites endless floor patterning possibilities across any space with 12 nuanced neutrals and 12 vibrant brights. With a focus on the educational market segment, this collection was built to blend in while also making a subtle statement.

LOST SIGNAL

As tight deadlines and timely delivery windows are paramount, domestically produced products are in high demand. Made in the US, this collection belongs to our Crafted in America series. This ensures timely delivery of products, helping you complete your projects within a reasonable timeframe.

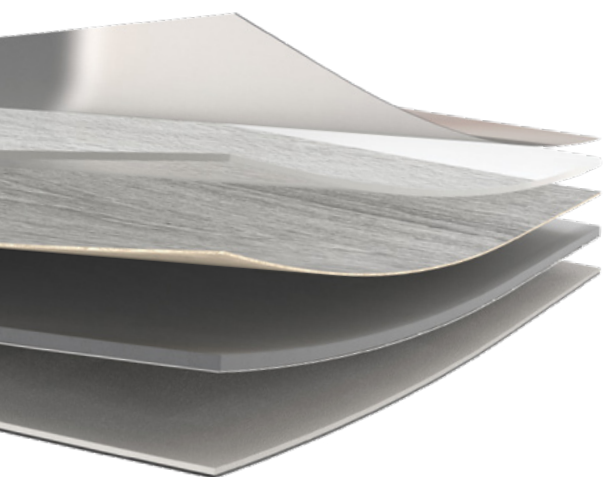

Milliken offers cost effective, fully warrantied resilient solutions that do NOT require moisture testing.

Best in category ProGuard MAX™ outperforms competitive coatings in scuff, stain, and scratch resistance.

Milliken resilient flooring with ProGuard MAX™ coating provides excellent protection for the floor and significantly reduces maintenance costs by eliminating the need for waxes, polishes and harsh chemicals.
