THE GALLERY

CROSSCURRENT

Crosscurrent introduces a new dimension of artistic rhythm to the Gallery series as its first Continuous Random® pattern. Inspired by the expressive linework of modernist graphic art, the design features layered abstract shapes that create a sense of fluid, perpetual movement. This bold composition brings a contemporary creative energy to the floor, where organic forms and graphic intersections evolve across a one-meter repeat.

PRINTWORKS

TECHNOLOGY ENABLES DESIGN

PrintWorks transforms the custom design process into a powerful creative engine. With no color count limitations and thousands of colors to choose from, PrintWorks gives you the creative freedom to bring your vision to life.

CONTINUOUS RANDOM®

ENGINEERED FOR EFFICIENCY

Crosscurrent is a Continuous Random® design, a Milliken innovation. The Continuous Random® design framework reduces the complexity associated with pattern-matched carpet tiles. A single pattern contains several unique tiles that all pattern match, regardless of installation order.

The benefit is pattern continuity, which reduces installation time, material waste, and overall complexity. This supports a more efficient workflow from specification through installation, while maintaining a consistent, cohesive visual across the entire floor.

WellBAC® cushion backing **enhances ergonomics and underfoot comfort**, reducing as much as 24% of muscle strain as compared to hardback.

The acoustic technology of our carpet **reduces noise by up to 50%** as compared to other flooring.

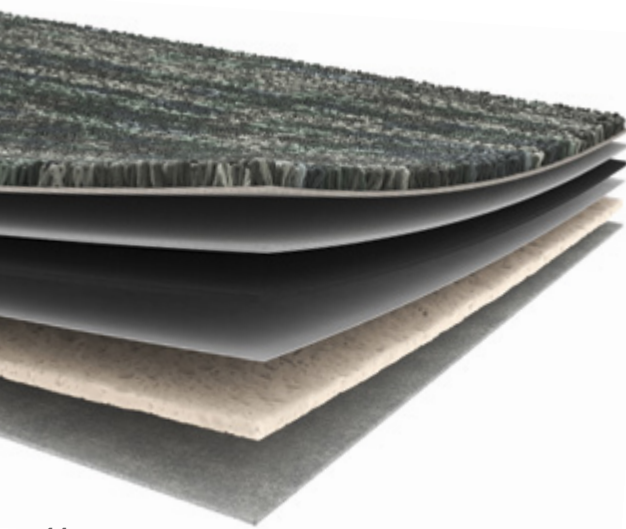

WellBAC® cushion open-cell backing allows the floor to breathe. In fact, **we haven't had a moisture claim in 25+ years.**

Save time and money on installation. Our carpet tiles can be installed over old adhesive and it's rarely necessary to scarify or seal the floor.

Designed with wellness in mind, **all our carpet is Red List Free and PVC-Free.**

CLIMATE IMPACT

Our climate is changing. Milliken takes a holistic approach reducing our products' embodied carbon without compromise to quality. We champion circularity through our N/XT Life™ reclamation program, and continue on our carbon reduction journey offsetting the full cradle-to-gate carbon footprint through our M/PACT™ program.

MATERIAL HEALTH

Our innovative flooring solutions pave the way for healthier, happier, more productive spaces. All Milliken carpet is **PVC-Free** and free of harmful Red List materials. With 100% material transparency, low-VOCs, and less new raw materials, we aim to eliminate harmful chemicals in-line with the highest voluntary standard.
