

Bariatric Recliner

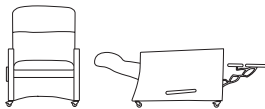

# BARIATRIC RECLINER

DESIGN: Beck & Beck Design Associates

A transitional design makes the Carolina Bariatric Recliner a stylish and functional choice for Bariatric patient areas. Rated for 750 pounds the Bariatric Recliner's foot rest and back operate independently of each other and are easy for both caregiver and patient to operate. The back can be infinitely positioned and reclines fully to a comfortable sleep position. A number of options including wood and polyurethane arm caps are available and create a perfect option for Bariatric treatment areas.
